After a while you will see on the right site a field office from the "Red Cross Kenya". Now it isn't far on the right site comes a small turnoff with a sign to the "Upendo Childrens Village". After again about 500 meters on the sandy track past a transformer station and a small local kiosk, you will see on the right site a gate to the orphanage.

Tip: If no one should be at the gate, just make noticeable by honking!
